**Teacher of Biology- Full Time / Part time
UPS / MPS
NQT applications welcome
To start January 2021
Permanent or Fixed Term available**

We are a highly successful, community mixed comprehensive school with Teaching School status in a pleasant rural setting only 5 miles from the centre of Cambridge and are currently seeking to recruit a teacher of Biology who can start in January 2021. We currently have around 1800 11-18 pupils on roll including our sixth form centre that opened in September 2011.

Our pupils are well motivated, staff morale is excellent and examination results at KS4 are outstanding: in summer 2019 the total grades at 9-7/A*-A were 48%, 9-4/A*-C were 87% with 83% of pupils achieving at least a grade 4 in English and maths. At KS5, 30% of pupils achieved A*/A grades. The school has consistently been rated by Ofsted as Outstanding over very many years; at the last full inspection we were rated as Outstanding in every measure.

The Science department has and continues to have a strong reputation for the delivery of science at all key stages. At KS4 and KS5, teachers typically teach in their specialist areas, and across all sciences at KS3. There is also the opportunity to teach KS5 BTEC. Each subject team has developed its own schemes of work at all key stages to deliver an inspiring science curriculum. The science department is a friendly, collaborative and hard working group of teachers and technicians, who all share a common enthusiasm for science and students' education. More details can be found in the College information pages
