NB:

DT: Pupils are taught on a subject rotational basis, completing assessments within each block of DT at the appropriate time within the scheme they are following.

Drama - every half term there is a practical assessment and a written progress takes place throughout the year.

Music: On average practical work is formally assessed once in each half term, however most music work forms part of a programme of continuous assessment which will sometimes take the place of a formal assessment. Pupils are assessed in the skill areas of appraising, composing, performing and music literacy.

PE: Pupils are assessed regularly throughout lessons and are given a formal level at least once every half term.
